Activate Windows  
Go to Settings to activate Windows.

- III. If the user want to update his/her account details, the user must click the drop down menu called “Home” and click “Profile” located at the upper left side of the website.

The screenshot shows the Instagram account settings page. At the top, there is a navigation bar with the Instagram logo, a search bar, and a user profile icon labeled 'Luis Angelo Quijano'. Below the navigation bar, there is a 'Home' dropdown menu. The main content area is divided into two sections. On the left, under the 'AVATAR' heading, there is a placeholder image for the profile picture and a button labeled 'UPLOAD NEW AVATAR'. Below this, there is a 'Private Account' toggle switch. On the right, under the 'Account Details' tab, there are input fields for 'First Name' (Luis Angelo), 'Middle Name' (Tan), 'Last Name' (Quijano), 'Username' (geloism), and 'Email address' (angelo.quijano02@gmail.com). A green 'REGISTER' button is located at the bottom of this section. An 'Activate Windows' watermark is visible in the bottom right corner.

- IV. If the user would like to update his/her profile picture, the user must click the drop down menu called “Home” and click “Profile” located at the upper left side of the website. The user must click the “Upload New Avatar” and he/she can choose any image he/she wants for the profile picture and click “Update”.

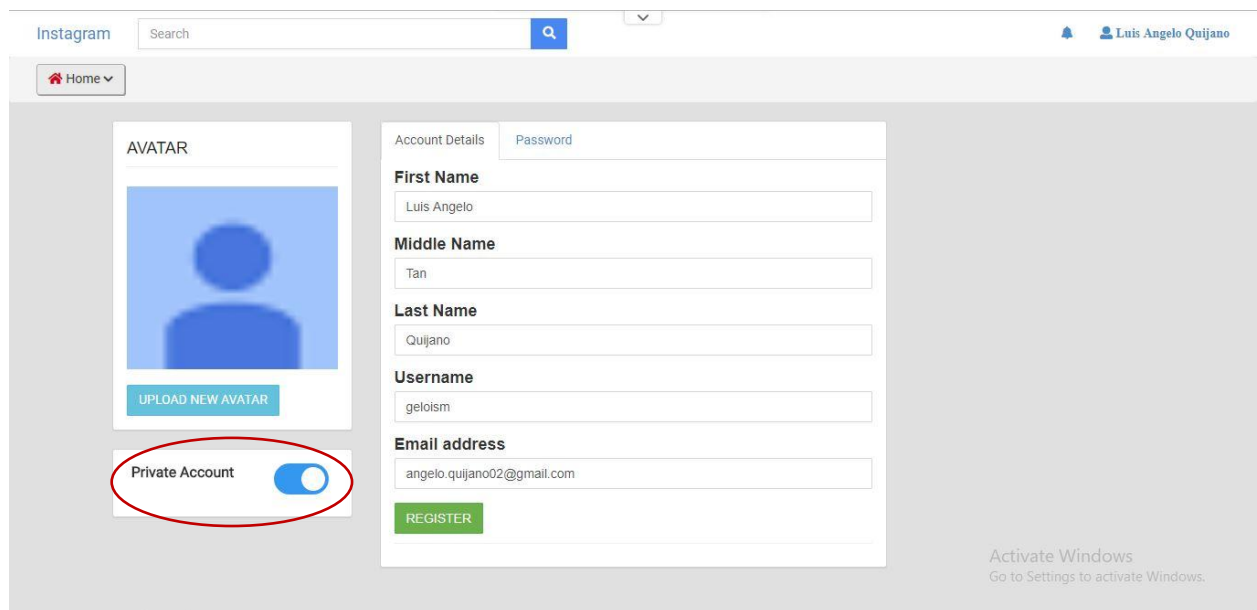

This screenshot is identical to the one above, showing the Instagram account settings page. The 'UPLOAD NEW AVATAR' button is highlighted with a red circle, indicating the next step in the process of updating the profile picture. The rest of the page, including the account details form and the 'Private Account' toggle, remains the same.

- V. If the user want to change his/her current password, the user must click the drop down menu called “Home” and click “Profile” located at the upper left side of the website and then click on the “Password” tab beside the “Account Details”.

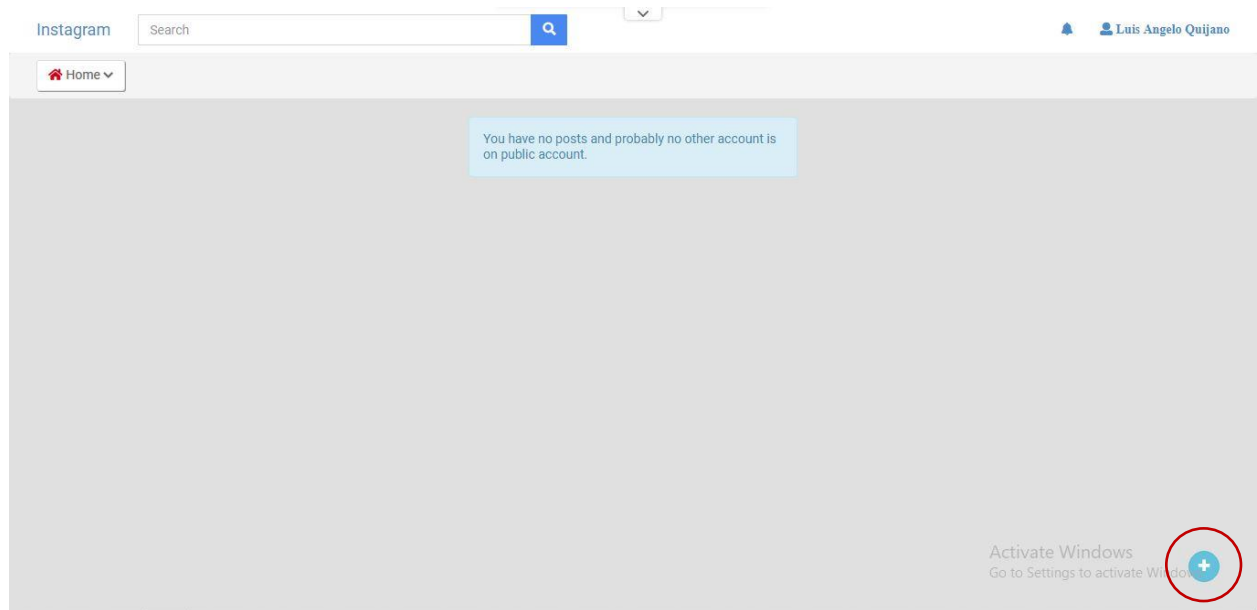

This screenshot shows the Instagram profile page for 'Luis Angelo Quijano'. The 'Home' dropdown menu is visible in the top left. The 'AVATAR' section on the left includes a placeholder image and an 'UPLOAD NEW AVATAR' button. Below the avatar is a 'Private Account' toggle switch, which is currently turned off. The main content area has two tabs: 'Account Details' and 'Password'. The 'Password' tab is selected, displaying fields for 'Old Password', 'New Password', and 'Confirm Password', along with a green 'CONFIRM' button. A Windows activation watermark is visible in the bottom right corner.

- VI. If the user want to change his/her privacy settings, the user must click the drop down menu called “Home” and click “Profile” located at the upper left side of the website and then below the Avatar he/she must swipe left the button in order to update the privacy setting of the account.

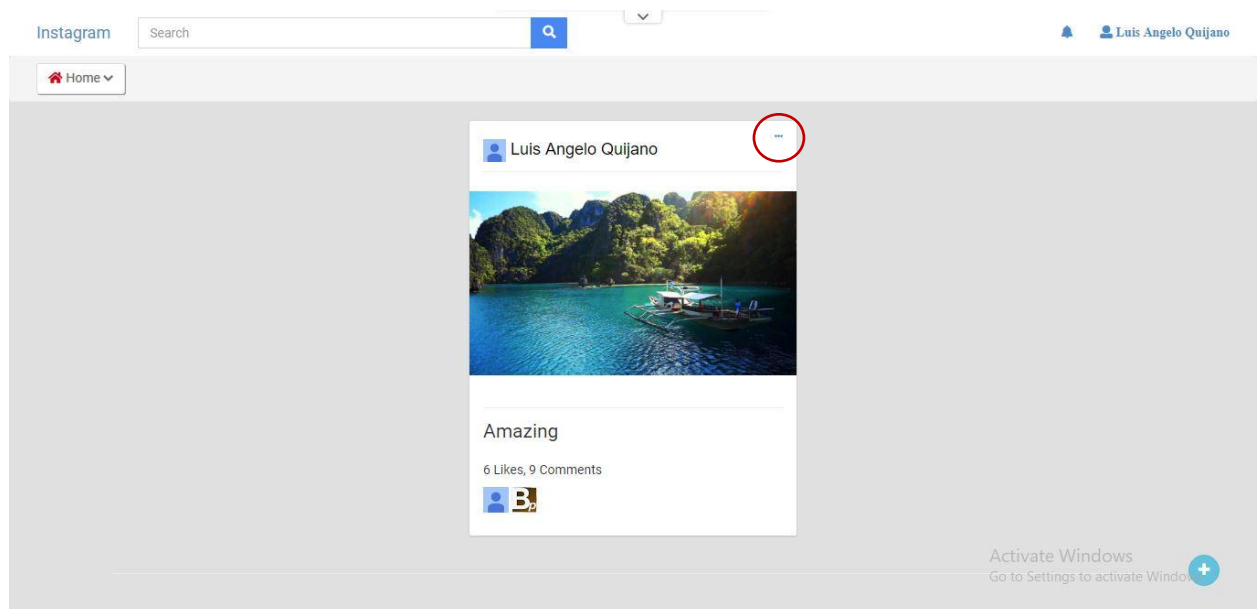

This screenshot shows the Instagram profile page for 'Luis Angelo Quijano' with the 'Account Details' tab selected. The 'AVATAR' section on the left includes a placeholder image and an 'UPLOAD NEW AVATAR' button. Below the avatar, the 'Private Account' toggle switch is highlighted with a red oval; it is currently turned on. The 'Account Details' tab displays fields for 'First Name' (Luis Angelo), 'Middle Name' (Tan), 'Last Name' (Quijano), 'Username' (geloism), and 'Email address' (angelo.quijano02@gmail.com), along with a green 'REGISTER' button. A Windows activation watermark is visible in the bottom right corner.

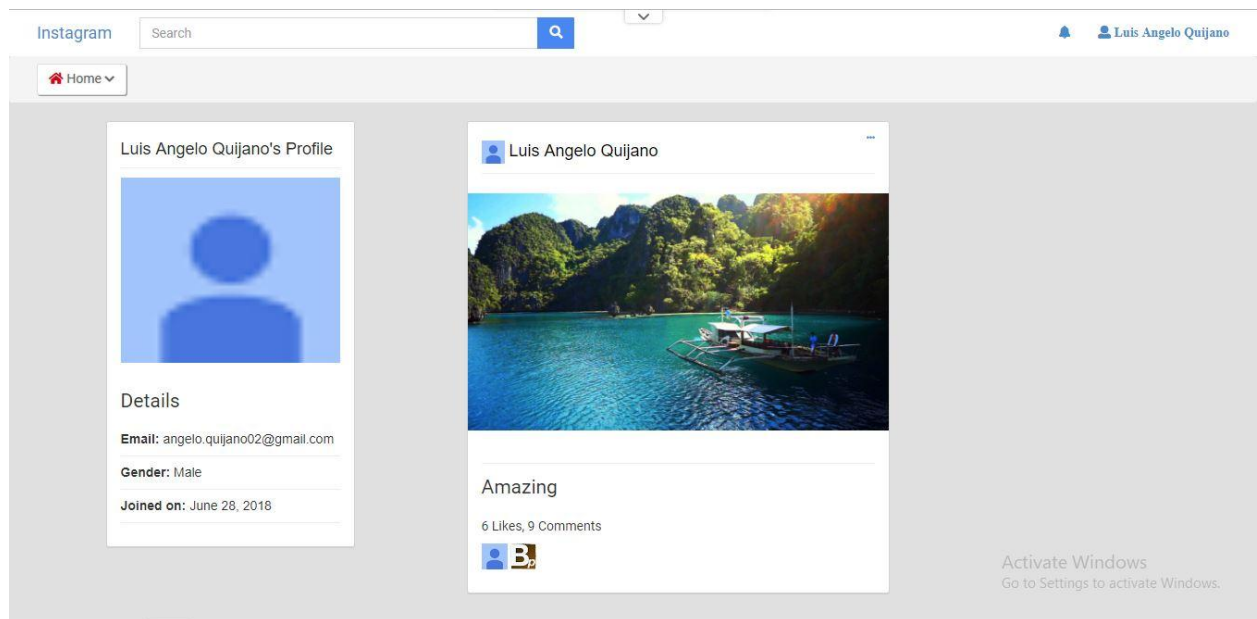

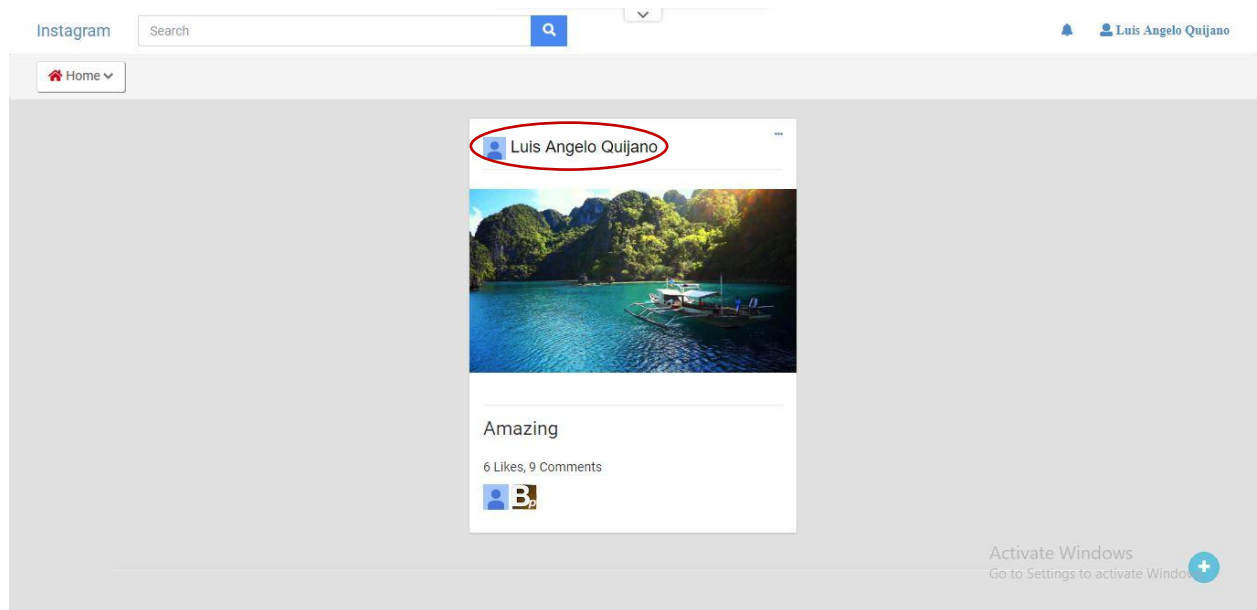

- VII. If the user want to post images in the account, the user must click the “+” button located at the lower right of the website. The user can choose any images he/she want to post in the account and add any captions he/she want and click the “Post” button.

- VIII. If the user want to edit his/her post, the user must click “...” button in the post and the user can edit both image and caption.

- IX. If the user want to view his/her profile, the user must post in the account and click his/her name in the post and it'll direct to his/her profile page.

- X. If the user want to log out his/her account, the user must click the drop down menu called “Home” and click “Logout” located at the upper left side of the website.
